CARLTON NURSERY COMPANY

Carlton, - - - Oregon

The above photo taken in our Nurseries at Carlton, Oregon September 1st, 1923, showing a portion of a block of many thousand of our select strain Vrooman grafted Franquette Walnut trees, grafted on Northern California Black, the best growing strain of California black walnut, on 3 year old root just the right age to plant. Our scion wood is selected from some of the best bearing groves in Yamhill county, Oregon, a dependable product. Our long experience in grafting we have succeeded in producing a most perfect union, very essential to the future growth and the making of a good tree.

Plant Oregon grown Walnut trees that will grow, you are sure of your strain and good trees. Your future depends on starting right. Let us help you. Our 34 successful years in business is some guarantee as to our reliability; from our own experience and observation we take note, that southern grown Walnut trees planted in Oregon are most unsatisfactory. Plant Oregon grown trees.

To prospective planters we invite you to call and look over our trees.

To the left and in the background you will note many thousand trees all varieties grown in our Nurseries.

We furnish large commercial plantings of all varieties; our trees are right, our prices are right. We would be pleased to sell you one tree or as many as you want. Your business will be appreciated, let us supply your needs. The strong demand for Oregon grown walnut trees means we are always sold out long before the season is over. Order early, be sure of your trees and get the best. Write for prices. We are always here.

Respectfully yours.

CARLTON NURSERY COMPANY,

CARLTON, OREGON
